I. General

Article 1. Healthcare insured

1.1. Contents and scope of the covered healthcare

Your supplementary insurance entitles you to (reimbursement of the costs of) care as described in these policy conditions subject to medical necessity. Medical necessity is the case if it is fair and reasonable to state that you are dependent on the type of care in terms of content and scope, and if the type of care is efficient and effective. A key factor in the content and scope of the type of healthcare is 'what the relevant healthcare providers generally offer'.

1.2. Authorised healthcare providers

Your healthcare provider must comply with certain conditions. The relevant healthcare article sets out which healthcare providers may provide the healthcare services and the supplementary conditions the healthcare provider must fulfil. For some types of healthcare, we offer contracted, preferred or accredited healthcare providers.

A list of our contracted, preferred and accredited healthcare providers is available from our website.

1.3. Reimbursement of healthcare costs

You are entitled to reimbursement of healthcare costs (covered), up to the maximum of the Wmg (Healthcare Market Organisation Act) rates applicable in the Netherlands. If no Wmg rates apply, we will reimburse the costs up to the market price perceived as reasonable in the Netherlands.

1.3.1. Healthcare provided by a contracted healthcare provider

If you make use of a healthcare provider we contracted, then we reimburse the cost of healthcare based on the rates agreed.

1.3.2. Healthcare provided by a non-contracted healthcare provider

If you selected a healthcare provider that we have not contracted for the care (relevant for you), then you may be required to personally pay all or some of the invoice. Non-contracted care providers also include preferred care providers. Please find more information in these policy conditions per type of care. If applicable, your claim on us for skin treatments, mindfulness for burn-out complaints or sex therapy cannot be transferred to healthcare providers or other parties without a contract for this type of healthcare. This is a clause as referred to in Article 3:83 paragraph 2 of the Civil Code. Any reimbursement for expenses relating to healthcare provided by a healthcare provider that we have not concluded a contract with will be remitted to the policy holder's account number.

1.3.3. Healthcare provided by a non-preferred or non-accredited healthcare provider

Did you select a non-preferred or non-accredited healthcare provider? Then we do not reimburse the cost. Please find more information in this reference guide per type of care.

1.3.4. Budget

Do you have a budget for the relevant healthcare? In that case, the total reimbursement will never exceed the maximum budget stated in the relevant care provision.

1.3.5. We also reimburse some healthcare types if the care is provided by a care provider established abroad, provided that this care provider offers comparable care. This is set out in the relevant care provisions. If these insurance terms and conditions entitle you to reimbursement of a statutory personal contribution on the grounds of the healthcare insurance, we will also reimburse you if this care has been provided abroad and is covered for reimbursement under the healthcare insurance policy.

1.4. Sending invoices

Most healthcare providers send us the invoices directly. If you have received an invoice yourself, you can submit your claims online via the Mijn-omgeving or via the UMC Zorg app. You must retain the original invoice for at least one year after submitting the relevant claim form. We may request the invoices for inspection. If you are unable to submit the invoices, we may recover the amounts paid out to you, or settle the relevant amounts with amounts due to you.

Submitting claim forms by post is also possible. Please attach the original invoice. For more information, please check page 2. Please don't send a copy or a reminder. We can only process original invoices. You can submit invoices up to a maximum of 3 years after the start of treatment.

Please check that at least the following details are listed in the invoice:

- the date on which the invoice was made by the care provider and the invoice number (in the right order, and each invoice number may only occur once);
- your name, address and date of birth;
- type of treatment, amount per treatment and date of treatment;
- the name and address of the healthcare provider.

These invoices, together with any attachments, have to be specified, ensuring that the reimbursements we must pay out can be derived from the specifications directly and without any ambiguity. For conversion of foreign invoices in currencies other than euros, we use the historical rates available from www.XE.com. This is based on the rate on the day you were treated. Invoices and any attachments must be in Dutch, English, French, German or Spanish. If a translation is necessary to our discretion, we may request you to provide a certified translation of the invoice. We will not refund the translation expenses.

1.5. Direct payment

We may pay the healthcare costs directly to the healthcare provider. This means you are not entitled to reimbursement.

1.6. Settlement of costs

If we pay directly to the healthcare provider, sometimes a small contribution is required from you. Sometimes we have reimbursed more than you are formally entitled to pursuant to your supplementary insurance policies. Or the cost of care will be charged to you for some other reason. In that case, as the policyholder, such costs are payable to us. We will charge these amounts to you later. You have a legal obligation to pay such amounts. We reserve the right to settle such amounts with amounts due to you.

1.7. Referral, prescription or approval

For some forms of healthcare, you require a referral, prescription and/or prior approval in writing demonstrating that you are dependent on this healthcare. The healthcare article provides more details.

Referral or prescription

Does the healthcare article set out that you require a referral or a prescription? Then you can request one from the healthcare provider mentioned in the article. This is generally the general practitioner.

Permission (authorisation)

Sometimes you need our permission before you are granted reimbursement for certain care. Such approval is also called an authorisation. If you have not received such an authorisation beforehand, you are not entitled to (reimbursement of the costs of) care.

Did you select a healthcare provider that has a contract with us for the relevant healthcare? Then you do not require prior approval. Your healthcare provider will in such cases assess if you fulfil the conditions and/or requests approval from us on your behalf. You can also submit your request directly to us. Please find our address on our website. Are you going to a care provider that does not have a contract with us for the care that concerns you? In that case, you need to request our permission in advance. Before granting approval, we check your care provider to ensure integrity and good conduct. If this is not the case, this may affect the response to your application for authorisation.

1.8. When are you entitled to (reimbursement of costs of) insured care?

You are entitled to healthcare or reimbursement of such healthcare if the healthcare was delivered during the term of your supplementary insurance policy. In these Policy Terms and Conditions, this is based on years or calendar years. To determine the year or calendar year associated with the submitted expenses, we check the date the healthcare service was delivered by the healthcare provider. This is the reference date for this purpose. Suppose that your treatment falls in two calendar years and the healthcare provider may charge the cost as a single amount (for example a Diagnosis Treatment Combination), Then we will reimburse these costs if the treatment started within the term of the supplementary insurance and the costs were incurred in the calendar year in which your treatment started.

1.9. Exclusions

You are not entitled to:

- forms of healthcare or healthcare services that are funded pursuant to legal regulations, including the Wlz (Long-

- Term Healthcare Act), the Youth Act or the 2015 Wmo (Social Support Act);
- reimbursement of costs incurred for not being on time for your appointment with a healthcare provider (the 'no-show fee');
 - reimbursement of costs for statements in writing, mediation costs charged by third parties without having been issued our prior approval statement in writing, administrative fees or charges due to overdue payment of invoices of healthcare providers;
 - reimbursement of personal contributions or excess payable under the terms of any other insurance, except if and where clauses in these policy conditions determine otherwise;
 - healthcare and reimbursement of healthcare costs that could be claimed pursuant to the Zorgverzekeringswet (Healthcare Insurance Act) if you are subject to mandatory insurance pursuant to this Act;
 - healthcare and reimbursement of healthcare costs that can or could be claimed pursuant to the Wlz (Long-Term Healthcare Act), Healthcare Insurance Act or any other Act, provision or insurance, of an older date or not, if the supplementary insurance had not been covered with us. In that case this supplementary insurance policy will only be valid in the last resort. In that case, under these policy conditions, only claims would become eligible for reimbursement that exceed the amount that may be claimed from other parties. We adhere to the covenant on overlap of travel insurance policies and supplementary health insurance. Please find the text of the covenant on our website;
 - reimbursement of losses that are an indirect result of our actions or omissions;
 - healthcare and reimbursement of healthcare costs caused by or resulting from armed conflict, civil war, uprising, civil disorder, riots or mutiny occurring in the Netherlands, as defined in Section 3.38 of the Wet op het financieel toezicht (Financial Supervision Act);
 - healthcare and reimbursement of healthcare costs due to negligence or malintent;
 - reimbursement if the costs are charged by and/or the treatment is carried out by you, your partner, your child, your parent or (other) relative in your household.

1.10. Right to care and other services as a result of terrorist acts

If you need healthcare as a result of one or more terrorist events, then the following rule applies. If the total amount of claims submitted within a year or calendar year for non-life, life or in-kind funeral insurers (including healthcare insurers) according to the Nederlandse Herverzekeringsmaatschappij voor Terrorismeschaden N.V. (NHT or Dutch Reinsurance Company for Terrorism-Related Claims) exceeds the maximum amount that this company reinsures annually, you are entitled to only a certain percentage of the cost or value of the healthcare. The NHT determines the exact percentage. This applies for non-life, life and funeral insurers (including healthcare insurers) that are subject to the Financial Supervision Act. The exact definitions and provisions of this claim have been set out in the NHT's Terrorism Cover Clauses Sheet.

Guarantee pay-out on terrorism-related claims

In order to be able to guarantee that you will receive payment on terrorism-related claims, (almost all) insurers in the Netherlands are party to NHT (the Dutch Reinsurance Company for Terrorism-Related Claims). We are also a member. The NHT issued regulations that ensure pay-out of at least part of any terrorism-related claim. The NHT has set a cap on the total amount to be paid out in the event of a terrorist act. The maximum amounts to 1 billion euros per year for all insured combined. If the sum of losses exceeds this cap, then each insured that incurred losses will be paid an equal percentage of the maximum amount. In reality, this implies that you may be paid out less than the actual value of the loss amount. But it also means that you are assured that you will at least be compensated (part of the loss/cost).

Article 2. General provisions

2.1. Basis of supplementary insurance

The insurance contract has been concluded on the basis of the information that you have entered online, by telephone, in writing or on the application form.

After taking out the healthcare insurance policy, you will receive a policy from us as soon as possible. Furthermore, you will receive a new policy prior to each new calendar year. These policy conditions form an integral part of the policy. The policy schedule will state the persons insured and the supplementary healthcare insurance taken out for them.

2.2. Supplementary cover

The insurance contract applies to the supplementary insurance policy/policies shown on the policy schedule or otherwise confirmed to you in writing. These policy conditions form part of the insurance contract and apply to the following supplementary insurance policies: UMC Extra Zorg and UMC Extra Tand. These packages are referred to in these policy conditions as: supplementary insurance.

2.3. Related documents

In these insurance conditions, we refer to documents. These form an integral part of the policy conditions insofar as applicable. It concerns the following documents:

- Appendix 1 to the Healthcare Insurance Decree
- Healthcare Insurance Scheme
- Clauses Sheet Terrorism Cover
- List maximum reimbursements non-contracted healthcare providers supplementary insurance policies
- List of maximum reimbursements abroad
- Overview contracted and preferred healthcare providers
- Reference protocol to the lactational NVL en VSBB
- Healthcare Module Prevention Diabetic Foot Ulcers
- We adhere to the covenant on overlap of travel insurance policies and supplementary health insurance.

You can find these documents on our website.

2.4. Fraud

If we suspect fraud, we will conduct an investigation (or have one conducted). You are required to cooperate with this investigation and provide us with relevant and accurate information. During this investigation, we will not pay out any of your claims. Does the investigation reveal that you have, or someone else on your behalf has, committed fraud (for some or all of the relevant claims)? Then your right to (reimbursement of the cost of) care will lapse. In addition, we will recover from you any amounts paid out on the relevant claims. You are also required to pay the costs resulting from the fraud investigation.

Reporting and registration

In the event of fraud, we reserve the right to report the event to the police. We may also record, or have another party record, your information and that of co-perpetrators and accomplices:

- In our Incident Register;
- In the External Referral Register (EVR) of the CIS Foundation.

Termination of insurance policy/policies

If you commit fraud, we will terminate your healthcare insurance policy. In that event, you will not be accepted for a new healthcare insurance policy for 5 years. We will also terminate your supplementary insurance. In that case, you cannot take out supplementary insurance cover with the insurers of Coöperatie VGZ for 8 years.

Fraud committed by healthcare providers

We list any healthcare providers who commit fraud on the External Referral Registry (EVR). We do not reimburse care from health care providers who are on this registry and will inform these providers accordingly. Prior to providing care, the health care provider is required to inform you that we will not reimburse their care.

2.5. Private data protection

We process your private data when we carry out your insurance policies. This is completed in compliance with legislation and regulations, including the General Data Protection Regulation (GDPR). Please find more details about this in the privacy statement on our website. The privacy statement also states your rights.

If you have any questions regarding processing private data, please contact our Data Protection Officer. For more information about privacy, please check the Privacy page on our website.

2.6. Notifications

Communications sent to the last address known to us will be deemed to have reached you. If you want to receive all our messages in electronic format, please indicate your choice in Mijn-omgeving or in the UMC Zorg App.

2.7. Membership in the Cooperative

Upon acceptance for this healthcare insurance policy, you, as the policyholder, also become a member of the cooperative society Coöperatie VGZ U.A., unless you notify us in writing that you prefer not to do so. The Cooperative looks after the interests of its members in the field of health and other insurance policies. You may terminate your membership at any time, subject to a one-month notice period. The membership will in any case be terminated on the termination date of the insurance contract.

2.8. Cooling-off period

Upon taking out supplementary insurance, you have a 14-day cooling-off period as the policyholder. You are entitled to cancel the supplementary insurance policy in writing within 14 days of signing the contract. In that event the insurance contract is deemed to have never been concluded.

2.9. Dutch law

The supplementary insurance is governed by Dutch law.

Article 3. Premium

3.1. Who pays the premium?

The policyholder is required to pay premium. For an insured person younger than 18 years of age, no premium needs to be paid until the first day of the calendar month following the 18th birthday. Example: someone who turns 18 on 1 July will pay premiums starting 1 August.

Upon death of an insured, premium is due up to the date of death. After a change of the supplementary insurance policy, we will recalculate the premium as per the effective date of the change.

3.2. Premium discount for group contract

- 3.2.1. The premiums and conditions as set out in the group contract apply from the first day of your participation in the group contract.
- 3.2.2. From the day you can no longer participate in the group contract, the premium discount and conditions of the group contract will expire. From this day onwards, the supplementary insurance cover is continued on an individual basis.
- 3.2.3. You can only participate in 1 group contract at a time.

3.3. Payment of premium, statutory contributions, excess and fees

- 3.3.1. You are required to pay the premium and (foreign) statutory contribution monthly in advance for all insured, unless otherwise agreed.
- 3.3.2. If you do not use digital correspondence, you will be charged a fee for paper post. The cost amounts to € 1.25 per month. You do not pay any fees for the policy and the European Health Insurance Card (EHIC). More information on paper post costs is available from our website.
- 3.3.3. You will pay the premium, excess, personal contributions, fees for paper invoices and benefits paid to you in error using the payment method agreed with us.

Payment options

- a. You authorise us for automatic direct debit of the amounts due (see also Article 3.3.4).
- b. You make use of the option of receiving a digital invoice free of charge via Mijn Omgeving. In that case you are expected to personally ensure on-time payment. Direct online payment via iDeal is an option.
- c. Your employer deducts the premium and any charges for paper post from your salary and remits these amounts to us.
- d. You make use of the option of receiving a paper invoice. In that case you are expected to personally ensure on-time payment. You will also receive a paper invoice if the direct debit transaction cannot be executed.

3.3.4. Your authorisation for direct debit applies to the payment of premiums, excess, personal contributions, charges for paper post and any amounts paid to you in error. Such an authorisation applies during and if necessary also after expiration of the insurance contract. Please refer to your policy schedule to check the date of direct debit collection of the premium for the entire calendar year. For the other costs, we will notify you at least 3 days before the date on which the amount is collected, stating the amount to be taken out of your account and the direct debit transaction date. If you disagree with a processed payment, you can have the payment reversed later. Please contact your bank within 8 weeks of processing the payment.

3.4. Settlement

You may not settle any amounts due with any amounts payable to you.

3.5. Failure to pay by due date

3.5.1. If you do not pay the premium, statutory contributions, personal contributions, excess, paper post charges and any amounts paid out to you in error before the due date, we will send you a reminder. If you do not pay within the term of at least 14 days as stated in the reminder letter, we may suspend cover of the supplementary insurance policy/policies. In that case you are not entitled to healthcare and reimbursement of healthcare costs from the last premium due date before the reminder.

Your obligation to pay the premium will continue during any period of suspension. Entitlement to (reimbursement of costs of) healthcare is restored on the date following the date on which the amount due plus any fees were received. We reserve the right to terminate the supplementary insurance policy/policies if payments are in arrears. In the event of termination of the insurance contract, you may submit an application for supplementary insurance after payment of the amount and any fees due. Do you have an active debt repayment/restructuring arrangement and are all the creditors in agreement (MSNP/ WSNP)? Then you can apply for supplementary insurance. If we accept the application, the supplementary insurance cover will take effect on 1 January of the next calendar year.

3.5.2. If you have already been reminded for failure to pay premiums, statutory contributions, excess, personal contributions, paper post charges or any amounts paid out to you in error, we are not required to give you separate written notice if you fail to pay a subsequent charge on time.

3.5.3. We reserve the right to directly settle the premium due, fees and statutory interest with any amounts of claimed healthcare costs or other amounts payable to you.

3.5.4. If we terminate the supplementary insurance policy/policies because of overdue payment of the premiums, we reserve the right to not accept you for any new insurance contracts for a period of 5 years.

Article 4. Other obligations

You have the following obligations:

- to inform us regarding facts that (may) facilitate recovery of costs from potentially or actually liable third parties, and to provide us with full information in that context. This would include charges that we could recover from the liability insurance policy of the party causing the accident. You may not make any arrangements with a third party without our prior approval in writing. You must refrain from any actions that may harm our interests;
- to cooperate with our medical advisor or employees in obtaining all information they require for ensuring the implementation of the supplementary insurance policy/policies;
- to ask the healthcare provider to disclose the reason for hospitalisation to our medical advisor;
- to inform us as quickly as possible relating to any facts and circumstances that may be relevant for correct implementation of the supplementary insurance policy/policies. This includes start and end of detention, marriage, separation or divorce, birth, adoption, or a change in bank or giro account number. We are not liable for any risks in the event of non-compliance with the above provisions.

If you do not fulfil your obligations and this affects our interests, we reserve the right to suspend your right of cover and reimbursement of healthcare costs.

Article 5. Changes in the premium and conditions

5.1. Changes in the premium and conditions

We reserve the right to change the conditions and the premium of the supplementary insurance policy/policies at any time. We will inform you, the policyholder, accordingly in writing. Such changes shall become effective on a date at our discretion.

5.2. Cancellation right

If we amend the conditions and/or the premium of the supplementary insurance policy/policies to your disadvantage, you, as the policyholder, have the right to cancel the insurance contract as per the effective date of the change. You may cancel the contract in any case during one month after being notified of the amendment. You do not have the right to cancellation if amendment of the policy conditions directly ensues from statutory measures, arrangements or provisions.

Article 6. Start, term and cancellation of supplementary insurance policy/policies

6.1. Start date and term

The insurance contract becomes effective on the date that we have designated as the start date of the healthcare cover, on the date on which you participate in the group contract, or on 1 January of a calendar year. The supplementary insurance policy is taken out for the calendar year in which the supplementary insurance became effective. Upon expiration of this term, the supplementary insurance policy is subject to automatic renewal for a period of one calendar year.

6.2. Acceptance for supplementary insurance

6.2.1. Acceptance for supplementary insurance

The supplementary insurances of UMC healthcare insurance can only be taken out as a supplement to the healthcare insurance policies of UMC healthcare insurance if healthcare insurance is mandatory for you within the meaning of the Healthcare Insurance Act (Zorgverzekeringswet). You can take out the UMC Extra Zorg and UMC Extra Tand supplementary insurance policies (see chapters II and III) only if you are part of the target group for which group contracts have been made and you are actually insured with us through a UMC group contract. Extra Tand 3 is subject to a 12-month qualification period for crowns and bridges (R codes), partial dental prostheses (P codes), implants (J codes and the fees invoiced by the oral surgeon) and orthodontic care (F codes). Insured up to age 18 in UMC Extra Zorg 2 and UMC Extra Zorg 3 are subject to a qualification period for orthodontic care (F codes). This means that during the qualification period, you are charged a premium, but you do not receive any reimbursement for crowns, bridges, partial dental prostheses, implants and orthodontic care. You have no qualification period or a shorter qualification period if you had similar insurance on the day prior to the effective date of the supplementary insurance. For more information, see our website.

6.2.2. Family cover

Children under age 18 will have the same supplementary insurance policy/policies as the highest level insured for a parent/foster parent on the policy.

6.2.3. Change to supplementary insurance

You may decide to change your supplementary insurance policy/policies. This is subject to the provisions of 6.2.1. and 6.2.2. As the policyholder, you are required to forward us such changes latest by 31 January 2024. The change will then become effective as per 1 January 2024 (with retroactive effect). A change is defined as switching to another supplementary insurance we offer. If you want to switch to a supplementary insurance policy provided by a different insurer, you need to cancel your current supplementary insurance policy. In that event, you need to inform us in writing accordingly latest by 31 December (see Article 6.4). Relating to healthcare subject to reimbursement periods of more than one calendar year, such terms will continue if supplementary insurance policies are amended within NV Zorgverzekeraar UMC. This means that any reimbursements paid out previously pursuant to a previous supplementary insurance policy will be transferred to the new supplementary insurance policy. This is subject to the condition that your new supplementary insurance policy covers reimbursement of this service or treatment.

6.3. Termination by operation of law

Regulatory termination of the supplementary insurance cover is effective on the day following the day on which:

- the healthcare insurer is no longer permitted to offer or administer insurance policies due to change or suspension of its licence for general insurance activities. We will disclose any such changes at least 2 months in advance;
- the insured person dies;
- the insured is no longer subject to mandatory insurance under the Healthcare Insurance Act;
- the healthcare insurer suspends its activities in offering and executing the supplementary insurance policy/policies as set out in these policy conditions. We will disclose any such changes at least 3 months in advance.

As the policyholder, you are required to inform us as soon as possible of the death of an insured or other facts and circumstances relating to the insured that result in termination of the supplementary insurance cover. If we determine that the supplementary insurance policy is terminated or will be terminated, we will send you a termination certificate as soon as possible.

6.4. When can you cancel your insurance policy/policies?

6.4.1. Annually

As the policyholder, you may cancel the supplementary insurance policy/policies in writing as per 1 January of any year, subject to our receipt of your notice of termination by 31 December of the previous year at the latest.

Please note

You may cancel the supplementary insurance policy/policies in writing annually as per 1 January. This is subject to the condition that we have received your cancellation no later than 31 December.
